

This Is Not An Autobiography

The goal of this website is to take my Instagram account and strip it of its personal qualities. This is done by extracting color palletes from the photos and creating nonsensical poems out of the corresponding captions.

The final website will be a visually organized calendar of colors and words.

Gathering Research- Poems

April 2014

Looking up,
Blue,
My ultimate goal
In the works,
Permanent like
Tights or tats?

May 2014

Another night in NYC,
Wet hair, bad pizza, rad interiors, and photo-ops,
The sun is shining,
Getting into trouble,
I would totally steal,
This city will continue to fester

June 2014

I do wish for,
Sandy cheeks & ice cream,
But I rarely ever leave the house,
Under one language,
This...feels like an advertisement

July 2014

Feeling like I'm ready...
To be back in this tiny apartment on 15th St,
With charcoal on the walls,
And Duck Dynasty lighters in the sink,
Dirty hipsters
Dropping acid,
Hopefully the neighbors don't mind.

October 2014

Listening to music,
Ambient room lighting,
Calls for a moody self,
Lucky to call this,
Reason number 2,
Shameful self... I refuse to stop

November 2014

In uniform,
Running around,
I don't really know how old I am,
Mostly like the dogs of New York

December 2014

I specialize in gloom,
But I love you even when you're down,
It's been almost a year since,
An impromptu trip,
Good morning, Brooklyn

January 2015

Your reflection is you without the best parts
A dirty, unforgiving, quick-witted son-of-a-bitch.
A cold self,
With skin lacking in Vitamin D,
Longing for the days

February 2015

Sunday,
In view today from the 9th floor...
Eager souls swallow the universe and are still starving,
Screaming,
I just kind of died for you; you just kind of stared at me
Power.

August 2014

To my beautiful cousin,
It's good to be back,
It was worth the sweat and near death slips,
Exploring our new,
Apartment,

September 2014

Lexington Ave, 95th St
Standing above my childhood dreams
Baby's first...trip
Was a ritualistic experience
(...I paid for this...)

March 2015

Old White Men Who Talk About How It Used To Be,
Ch-ch-ch-changes,
They scream,
Why you gotta' do me like that New York?,
Falsely adorned words / scripted vows of relatability,
5:00am light puddles in Spanish Harlem

April 2015

Oh! Sweet nothing,
I'm not fitting in really well,
Your neighborhood witch,
Shows no appreciation,
Unafraid to burn limb by limb in front of a crowd

Shows no appreciation,
Unafraid to burn limb by limb in
